TECHNICAL DATA SHEET

T-CUT SULFUR FREE CUTTING OIL

Description :

FUKKOL T-CUT processing center oil is low viscosity, light yellow paraffin based base oil and oil agent, formulated by extreme pressure agent.

Purpose :

It is used for machining and grinding of copper and iron and die steel.

Products Code	Packings	Capacity
I100121 (23)-4L	Can	4L
I100121 (23)-18L	Pail	18L
I100121 (23)-200L	Durm	200L

Performance characteristics:

- Good lubricity and extreme pressure
- Improve surface finish
- No chlorine, sulfur.

Typical Physical Properties

Model	DENSITY g/cm ³	Flash point °C	VISCOSITY 40°C	Appearance
T-CUT 12	0.85~0.95	Not less than 120	10~14	Light brown liquid
T-CUT 32	0.85~0.95	Not less than 170	28.8~35.2	Light brown liquid

Matters needing attention:

1. Pay attention to sealing and preserving oil products
